

PUNK ANGELS

Partner with Punk Angels

Why should you position yourself in the NFT market?

- NFTs are currently revolutionizing the art market. From celebrities like J Balvin, Justin Bieber and Paris Hilton to luxury brands including Dolce & Gabbana, Versace and Balmain launching their own NFT collections, the next few years will continue to see major players in entertainment and fashion making moves in this cutting edge market.

Why become a Punk Angels NFT partner?

Gain visibility

- Inclusion of the agency's logo on the Punk Angels website.
- Promotion of the agency as an official partner on our social channels
- Introduction of the models as exclusive ambassadors of the Punk Angels NFT collection

Expand your network

- Visibility to Punk Angels' social media audience, which includes artists, celebrities, DJs and top social media influencers, as well as the audiences of Punk Angels members which total over one million followers
 - Invitations to exclusive VIP events which provide the opportunity to network with future partners and clients.
- Expand your network

Improve your brand image

- Be part of a movement for social change. The Punk Angels NFT Collection aims to empower women by advocating for diversity in the Metaverse. A percentage of sales from the collection (up to \$100,000) will be donated to organizations working to support women and fight inequality.
- Continue to elevate your agency by partnering with a progressive movement that represents the future of art and fashion and is aligned with the latest technological and marketing trends.

Your contribution to the launch of the Punk Angels NFT collection:

- • Original content featuring the Punk Angels NFT collection created by model ambassadors on their own social channels (details to be discussed)
- • Mention of the Punk Angels NFT collection on the agency's social channels

The movement

The Punk Angels movement is ready to revolutionize the metaverse.

Bringing a fresh outlook on the fashion and street art world, they will color the metaverse with new icons and artists

Through a strong, eccentric and proud community, impose your own rules, create a new reality that is yours and reconnect beyond appearances.

Punk Angels is the first decentralized autonomous movement aka D.A.

The NFT Collection

With this first NFT collection of Punk Angels, he combines his signature butterfly wings in 3D, with over 100 unique hand-drawn traits.

Freedom and acceptance is what the Punk Angels movement is all about.

Punk Angels are stored as ERC-721 tokens on the Ethereum blockchain and hosted on IPFS.

The Artist Punk eTender

omain, aka Punk eTender, was born in the s in Paris, France and immigrated to os Angeles in early .

e was introduced to street art early on by r. rainwash.

The two artists worked together for over fifteen years, making art and street art, traveling the world, holding art shows.

In , it was time for omain to start his own venture, and Punk eTender was born.

A few years ago, Punk eTender created a new kind of mural installation, integrating three dimensional butterfly shapes as if they were flying representing connection on a spiritual and physical level.

Punk eTender is constantly evolving.

is goals are stationed on the moon and his new pro ect is in the digital world the etaverse.

is NFT will be directly inspired by his artworks and style.

Throughout the years, Punk eTender has achieved a high level recognition in the industry.

urrently displayed in high end galleries across the world his artworks are sought after by international collectors and hospitality brands such as the iami outh beach hotel and Nobu restaurant fetching prices up to , .

elebrities such as hloe ardashian, ylie Jenner, ariah arey and Dave Navarro are clients of his Art.
